               friends[i].type.commonFriends,
               friends[i].type.placesVisited);
    }
}
```

INPUT :

```
Enter the number of friends to add: 3

Entering details for friend 1:
Enter friend's name: ASWIN.S
Enter pet name: JIKKI
Enter phone number: 0987654321
Enter type of friend (School/College/Area): COLLEGE
Enter names of common friends: ACHU
Enter number of places visited together: 98

Entering details for friend 2:
Enter friend's name: ACHU
Enter pet name: JAKKI
Enter phone number: 0987654321
Enter type of friend (School/College/Area): COLLEGE
Enter names of common friends: AMMY
Enter number of places visited together: 99

Entering details for friend 3:
Enter friend's name: AMMY
Enter pet name: TUDO
Enter phone number: 0987654321
Enter type of friend (School/College/Area): COLLEGE
Enter names of common friends: ICHU
Enter number of places visited together: 100
```

-

-

OUTPUT -:

```
Details of friend 1:
Friend's Name: ASWIN.S
Pet Name: JIKKI
Phone Number: h:
Type of Friend: COLLEGE
Common Friends: ACHU
Places Visited Together: b

Details of friend 2:
Friend's Name: ACHU
Pet Name: JAKKI
Phone Number: h:
Type of Friend: COLLEGE
Common Friends: AMMY
Places Visited Together: c

Details of friend 3:
Friend's Name: AMMY
Pet Name: TUDO
Phone Number: h:
Type of Friend: COLLEGE
Common Friends: ICHU
Places Visited Together: d

=== Code Execution Successful ===
```
